{ Permanent Placements }

Choose from a bigger pond. Hire Profile will source both active and passive candidates for you. A Hire Profile recruiter will thoroughly screen candidates, then the best of the best will be presented. We handle the scheduling, negotiations and offers. All of our placements are guaranteed, so you can feel confident about your selection.

{ Freelancers & Consultants }

Whether you like to see the creative process in action or just want to see the end result, Hire Profile will find you the talent you need. Our flexible freelancers are prepared to work in whatever manner is best for you. Besides connecting you with top creative talent, we also handle negotiating the contractor's hourly rate, weekly invoicing, payments, their worker's comp and liability insurance.

{ Temporary to Permanent Placements }

We believe in the beauty of "try before you buy." Hire Profile can arrange a freelance trial period before bringing someone on permanently. This can substantially reduce your final placement fee and give you the time to get to know someone before making your final hiring decision.

We understand that you are making a significant investment in your employees' training and future, so finding the right fit for the long term is a top priority.
